Introduction

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.

The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective December 7, 2009, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest $\frac{1}{8}$ ". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon  will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an  are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Desk Shell

Product Information

Description

This desk shell connects to a 5000 Series desk component or stands alone. It has a laminate top and vinyl edge or a veneer top and edge and is available with or without grommets. The desk has full or 10"-deep recessed end panels and 1" adjustable glides. 20"- and 24"-deep desks with recessed end panels have a cable management cutout at the back of the panel. The desk is available with a full, raised, or open back panel. The full back panel extends to the floor; the raised back panel is 8 1/8" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls or panel systems and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8 1/8" from the floor.

Notes

30"- and 36"-deep desks have back panel recessed 4 1/2" from visitor's side.

To use desk freestanding, order 2 full end panels. To connect desk to 5000 Series component, 1 recessed end panel may be required.

Order optional desk components separately:

- Bridge
- Return shell
- Return with single pedestal

To manage cables under desk shell, order cable management trough separately.

Order optional display or storage components separately:

- Desk-mounted tackboard
- Desk-mounted tool rail with tackboard
- End-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Desk with Single Pedestal

Product Information

Description

This desk connects to a 5000 Series desk component or stands alone. It has 1 lockable pedestal and a choice of pull and front styles (see chart below). Box drawers have 1 drawer divider. B- and F-pull file drawers hold letter-size front-to-back hanging files; they also include 2 file converters for legal-size filing. Standard-, contour-, and bevel-pull file drawers include 1 file compressor for letter-size front-to-back or side-to-side hanging files or legal-size side-to-side hanging files. File drawers have full-extension steel ball-bearing slides.

The desk has a laminate top and vinyl edge or a veneer top and edge and is available with or without grommets. A grommet is not available on the pedestal side of the desk. The desk has full or 10"-deep recessed end panels and 1" adjustable glides. 20"- and 24"-deep desks with recessed end panels have a cable management cutout at the back of the panel. The desk is available with a full, raised, or open back panel. The full back panel extends to the floor; the raised back panel is 8¹/₈" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls or panel systems and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8¹/₈" from the floor.

Pull Style—Pull Material—Front Style

Standard—Metal pull—Wood Veneer front

Standard—Metal pull—Recut Veneer front

Standard—Metal pull—Metal front

Bevel—Metal pull—Metal front

Contour—Aluminum or Wood pull—Metal front

F-pull—Plastic pull—Metal front

B-pull—Plastic pull—Plastic front

Notes

30"- and 36"-deep desks have back panel recessed 4¹/₂" from visitor's side.

Pedestal must mount on side with full end panel.

To use desk freestanding, order with full end panels. To connect desk to a 5000 Series component, 1 recessed end panel may be required.

B- and F-pull pedestals have a smooth-steel case.

Box/box/file and file/file pedestal combinations with standard, contour, or bevel pulls hang 3³/₄" below raised back panel; box/box/file and file/file pedestal combinations with B and F pulls hang 6" below raised back panel.

Pedestals with standard, bevel, and contour pulls are 3⁷/₈" wider than pedestals with B and F pulls. Drawer accessories for pedestals with standard, bevel, and contour pulls are not interchangeable with accessories for pedestals with B and F pulls.

Order optional desk components separately:

- Bridge
- Return shell
- Return with single pedestal

To manage cables under desk, order cable management trough separately.

Order optional display or storage components separately:

- Desk-mounted tackboard
- Desk-mounted tool rail with tackboard
- End-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Pedestal ships with lock plugs keyed differently (KD). For keyed-alike locks on multiple pedestals, specify keyed alike (KA); separate lock plugs are shipped and field installed on each pedestal. See Keyed-Alike Information in Appendices.

Desk with Double Pedestal

Product Information

Description

This freestanding desk has 2 lockable pedestals and a choice of pull and front styles (see chart below). Box drawers have 1 drawer divider. B- and F-pull file drawers hold letter-size front-to-back hanging files; they also include 2 file converters for legal-size filing. Standard-, contour-, and bevel-pull file drawers include 1 file compressor for letter-size front-to-back or side-to-side hanging files or legal-size side-to-side hanging files. File drawers have full-extension steel ball-bearing slides.

The desk has a laminate top and vinyl edge or a veneer top and edge and is available with a center grommet or no grommet. It is available with a full, raised, or open back panel. The full back panel extends to the floor; the raised back panel is 8 1/8" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8 1/8" from the floor.

Pull Style—Pull Material—Front Style

- Standard—Metal pull—Wood Veneer front
- Standard—Metal pull—Recut Veneer front
- Standard—Metal pull—Metal front
- Bevel—Metal pull—Metal front
- Contour—Aluminum or Wood pull—Metal front
- F-pull—Plastic pull—Metal front
- B-pull—Plastic pull—Plastic front

Notes

30"- and 36"-deep desks have back panel recessed 4 1/2" from visitor's side.

Pedestals on each side of desk should be same height.

B- and F-pull pedestals have a smooth-steel case.

Box/box/file and file/file pedestal combinations with standard, contour, or bevel pulls hang 3 3/4" below raised back panel; box/box/file and file/file pedestal combinations with B and F pulls hang 6" below raised back panel.

Pedestals with standard, bevel, and contour pulls are 3/8" wider than pedestals with B and F pulls. Drawer accessories for pedestals with standard, bevel, and contour pulls are not interchangeable with accessories for pedestals with B and F pulls.

To manage cables under desk, order cable management trough separately.

Order optional display or storage components separately:

- Desk-mounted tackboard
- Desk-mounted tool rail with tackboard
- End-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

For keyed-alike desks, specify keyed alike (KA); separate lock plugs are shipped and field installed on each pedestal. See Keyed-Alike Information in Appendices.

For keyed differently locks on each pedestal in the same desk, contact Customer Care.

Corner Desk

Product Information

Description

This straight-edged 90° corner desk connects to a 5000 Series component or stands alone. It has a laminate top and vinyl edge or a veneer top and edge and is available with or without grommets. The desk has full or 10"-deep recessed end panels and 1" adjustable glides. 20"- and 24"-deep desks with recessed end panels have a cable management cutout at the back of the panel. The desk is available with a full, raised, or open back panel. The full back panel extends to the floor; the raised back panel is 8 1/8" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls or panel systems and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8 1/8" from the floor.

Notes

To use corner desk at end of furniture run, specify full end panel.

To connect corner desk to return or bridge and maximize work surface space, use following guidelines:

- 20"-deep corner desk connects to 20"-deep return or bridge without corner cuts
- 20"-deep corner desk connects to 24"-deep corner desk return or bridge with 4" corner cuts
- 24"-deep corner desk connects to 24"-deep return or bridge without corner cuts
- 24"-deep corner desk connects to 30"-deep corner desk return or bridge with 6" corner cuts

Order optional desk components separately:

- Bridge
- Corner bridge
- Corner return shell
- Corner return with single pedestal
- Return shell
- Return with single pedestal

To manage cables under corner desk, order cable management trough separately.

Order optional display or storage components separately:

- Corner desk-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Curved Corner Desk

Product Information

Description

This 90° curved corner desk connects to a 5000 Series component or stands alone. It has a laminate top and vinyl edge or a veneer top and edge and is available with or without grommets. The desk has full or 10"-deep recessed end panels and 1" adjustable glides. 20"- and 24"-deep desks with recessed end panels have a cable management cutout at the back of the panel. The desk is available with a full, raised, or open back panel. The full back panel extends to the floor; the raised back panel is 8 1/8" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8 1/8" from the floor.

Notes

To use curved corner desk at end of furniture run, specify full end panel. For aesthetic reasons, curved corner desk should not attach to a corner return or corner bridge with corner cuts.

Order optional desk components separately:

- Bridge
- Return shell
- Return with single pedestal

To manage cables under desk, order cable management trough separately.

Order optional display or storage components separately:

- Corner desk-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Curved Corner Desk with D-Shaped Peninsula

Product Information

Description

This 90° corner D-shaped peninsula desk connects to a 5000 Series component or stands alone. It has a laminate top and vinyl edge or a veneer top and edge and is available with or without grommets. The desk has a curved work surface, a column base, full or 10"-deep recessed end panels, and 1" adjustable glides. The desk with recessed end panels has a cable management cutout at the back of the panel. The desk is available with a full, raised, or open back panel. The full back panel extends to the floor; the raised back panel is 8 1/8" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8 1/8" from the floor.

Notes

Order optional desk components separately:

- Bridge
- Return shell
- Return with single pedestal

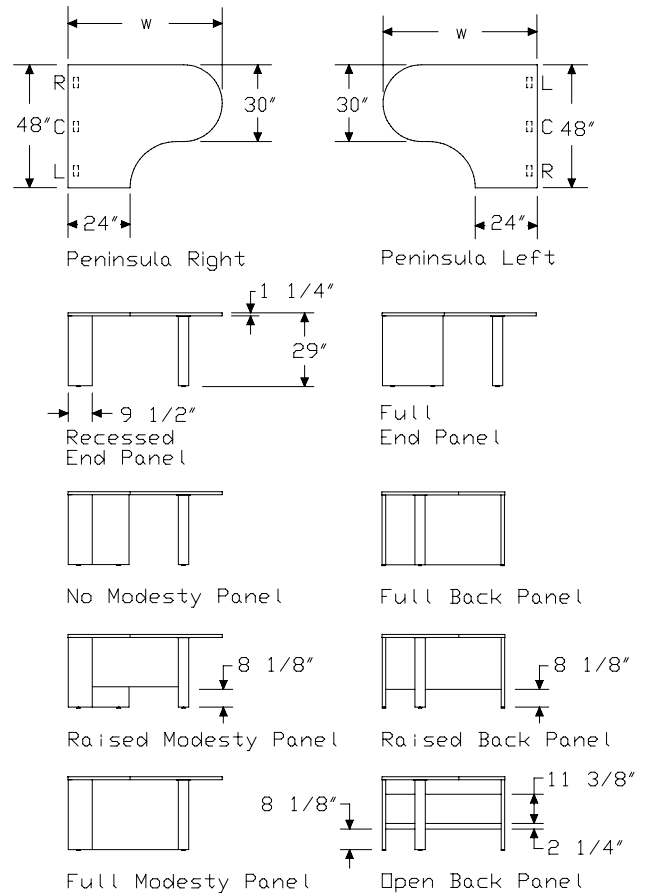

To manage cables under peninsula desk, order cable management trough separately.

Order optional display or storage components separately:

- Desk-mounted tackboard
- Desk-mounted tool rail with tackboard
- End-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Curved Corner Desk with P-Shaped Peninsula

Product Information

Description

This 90° corner P-shaped peninsula desk connects to a 5000 Series component or stands alone. It has a laminate top and vinyl edge or a veneer top and edge and is available with or without grommets. The desk has a curved work surface, a column base, full or 10"-deep recessed end panels, and 1" adjustable glides. The desk with recessed end panels has a cable management cutout at the back of the panel. The desk is available with a full, raised, or open back panel. The full back panel extends to the floor; the raised back panel is 8 1/8" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8 1/8" from the floor.

Notes

Order optional desk components separately:

- Bridge
- Return shell
- Return with single pedestal

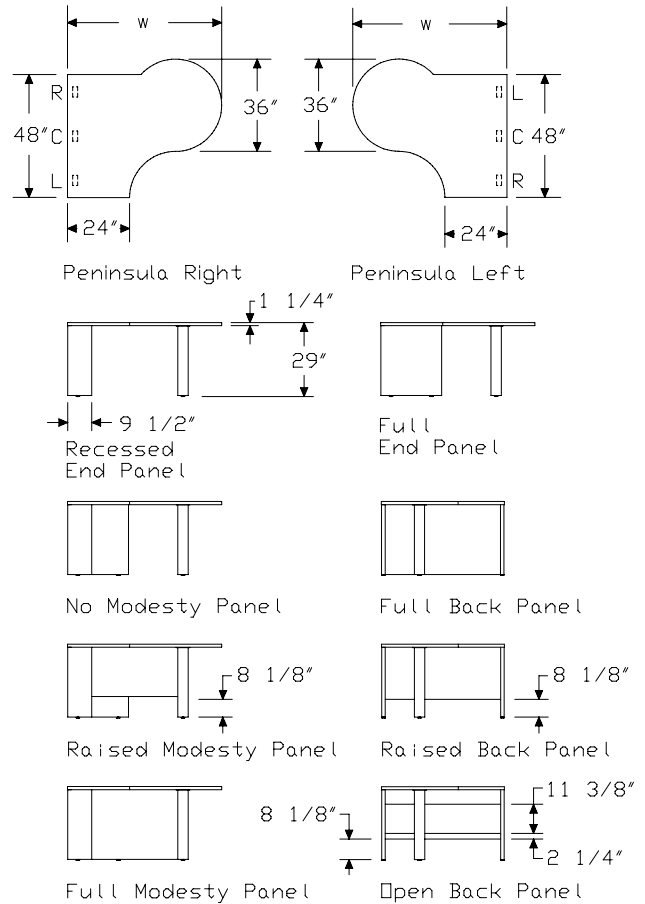

To manage cables under peninsula desk, order cable management trough separately.

Order optional display or storage components separately:

- Desk-mounted tackboard
- Desk-mounted tool rail with tackboard
- End-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Extended Curved Corner Desk Shell

Product Information

Description

This extended 90° corner desk connects to a 5000 Series component or stands alone. It has a laminate top and vinyl edge or a veneer top and edge and is available with or without grommets. The desk has a right- or left-hand extension, 2 full end panels or 1 full end panel and 1 10"-deep recessed end panel, and 1" adjustable glides. 24"-deep desks with recessed end panels have a cable management cutout at the back of the panel. The desk is available with a full, raised, or open back panel. The full back panel extends to the floor; the raised back panel is 8 1/8" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls or panel systems and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8 1/8" from the floor.

Notes

Full end panel is required on extended end of desk; desk cannot connect to a return or bridge at extended end.

Order optional desk components separately:

- Bridge
- Return shell
- Return with single pedestal

To manage cables under extended curved corner desk, order cable management trough separately.

Order optional display or storage components separately:

- Desk-mounted tackboard
- Desk-mounted tool rail with tackboard
- End-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Extended Curved Corner Desk with Single Pedestal

Product Information

Description

This extended 90° corner desk connects to a 5000 Series component or stands alone. It has a right- or left-hand extension, 2 full end panels or 1 full end panel and 1 10"-deep recessed end panel, and 1" adjustable glides. The extended corner desk has 1 lockable pedestal and a choice of pull and front styles (see chart below). Box drawers have 1 drawer divider. B- and F-pull file drawers hold letter-size front-to-back hanging files; they also include 2 file converters for legal-size filing. Standard-, contour-, and bevel-pull file drawers include 1 file compressor for letter-size front-to-back or side-to-side hanging files or legal-size side-to-side hanging files. File drawers have full-extension steel ball-bearing slides. The desk has a laminate top and vinyl edge or a veneer top and edge and is available with or without grommets. 24"-deep desks with recessed end panels have a cable management cutout at the back of the panel. The desk is available with a full, raised, or open back panel. The full back panel extends to the floor; the raised back panel is 8¹/₈" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls or panel systems and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8¹/₈" from the floor.

Pull Style—Pull Material—Front Style

Standard—Metal pull—Wood Veneer front

Standard—Metal pull—Recut Veneer front

Standard—Metal pull—Metal front

Bevel—Metal pull—Metal front

Contour—Aluminum or Wood pull—Metal front

F-pull—Plastic pull—Metal front

B-pull—Plastic pull—Plastic front

Notes

Full end panel support is required on extended end of desk; desk cannot connect to a return or bridge at extended end.

Pedestal must mount on extended end of desk.

B- and F-pull pedestals have a smooth-steel case.

Box/box/file and file/file pedestal combinations with standard, contour, or bevel pulls hang 3³/₄" below raised back panel; box/box/file and file/file pedestal combinations with B and F pulls hang 6" below raised back panel.

Pedestals with standard, bevel, and contour pulls are 3⁷/₈" wider than pedestals with B and F pulls. Drawer accessories for pedestals with standard, bevel, and contour pulls are not interchangeable with accessories for pedestals with B and F pulls.

Order optional desk components separately:

- Bridge
- Return shell
- Return with single pedestal

To manage cables under extended curved corner desk, order cable management trough separately.

Order optional display or storage components separately:

- Desk-mounted tackboard
- Desk-mounted tool rail with tackboard
- End-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Pedestal ships with lock plugs keyed differently (KD). For keyed-alike locks on multiple pedestals, specify keyed alike (KA); separate lock plugs are shipped and field installed on each pedestal. See Keyed-Alike Information in Appendices.

Step 16. Lock

For standard pull with painted front (6-), standard pull with recut veneer front (R-), standard pull with wood veneer front (F-), contour pull (5-), or bevel pull (4-)

KD	keyed differently with black lock	+\$0
KC	keyed differently with chrome lock	+\$0
KA	keyed alike	+\$0

For B-pull (X-) or F-pull (Y-)

KD	keyed differently with black lock	+\$0
KA	keyed alike	+\$0

D-Shaped Peninsula

Product Information

Description

This D-shaped peninsula attaches to the side or end of a 5000 Series desk component. It has a laminate top and vinyl edge or a veneer top and edge and a column base. The side-attaching peninsula includes a full end panel and is available with or without grommets. Attachment hardware is included.

Notes

Order optional desk components separately:

- Desk shell
- Desk with single pedestal
- Return shell
- Return with single pedestal

To manage cables under peninsula, order cable management trough separately.

Order optional flipper door unit separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Return Shell

Product Information

Description

This return connects to a 5000 Series desk component for additional workspace. It has a laminate top and vinyl edge or a veneer top and edge and is available with or without grommets. The return has 1 full end panel or 1 10"-deep recessed end panel and 1" adjustable glides. The return with a recessed end panel has a cable management cutout at the back of the panel. Each return has a full, raised, or open back panel. The full back panel extends to the floor; the raised back panel is 8 1/8" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls or panel systems and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8 1/8" from the floor. Attachment hardware is included.

Notes

Order optional desk components separately:

- Corner desk
- Curved corner desk
- Desk shell
- Desk with single pedestal

To manage cables under return, order cable management trough separately.

Order optional display or storage components separately:

- Desk-mounted tackboard
- Desk-mounted tool rail with tackboard
- End-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

2CR	grommets center and right	+\$53
2LR	grommets left and right	+\$53
3LCR	grommets left, center, and right	+\$79

Step 12. Grommet Finish

For grommet left (L), grommet center (C), grommet right (R), grommets left and center (2LC), grommets center and right (2CR), grommets left and right (2LR), or grommets left, center, and right (3LCR)

8Q	folkstone grey	+\$0
91	white	+\$0
BU	black umber	+\$0
CL	cool grey neutral	+\$0
HF	inner tone light	+\$0
LU	soft white	+\$0
MT	medium tone	+\$0
SG	slate grey	+\$0
WL	sandstone	+\$0
WN	warm grey neutral	+\$0

Return with Single Pedestal

Product Information

Description

This return connects to a 5000 Series desk component for additional workspace. It has 1 lockable pedestal, a choice of pull and front styles (see chart below), 1 full end panel, and 1" adjustable glides. Box drawers have 1 drawer divider. B- and F-pull file drawers hold letter-size front-to-back hanging files; they also include 2 file converters for legal-size filing. Standard-, contour-, and bevel-pull file drawers include 1 file compressor for letter-size front-to-back or side-to-side hanging files or legal-size side-to-side hanging files. File drawers have full-extension steel ball-bearing slides. Attachment hardware is included.

The return has a laminate top and vinyl edge or a veneer top and edge and is available with or without grommets. A grommet is not available on the pedestal side of the return. The return has a full, raised, or open back panel. The full back panel extends to the floor; the raised back panel is 8¹/₈" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls or panel systems and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8¹/₈" from the floor.

Pull Style—Pull Material—Front Style

Standard—Metal pull—Wood Veneer front

Standard—Metal pull—Recut Veneer front

Standard—Metal pull—Metal front

Bevel—Metal pull—Metal front

Contour—Aluminum or Wood pull—Metal front

F-pull—Plastic pull—Metal front

B-pull—Plastic pull—Plastic front

Notes

B- and F-pull pedestals have a smooth-steel case.

Box/box/file and file/file pedestal combinations with standard, contour, or bevel pulls hang 3³/₄" below raised back panel; box/box/file and file/file pedestal combinations with B and F pulls hang 6" below raised back panel.

Pedestals with standard, bevel, and contour pulls are 3³/₈" wider than pedestals with B and F pulls. Drawer accessories for pedestals with standard, bevel, and contour pulls are not interchangeable with accessories for pedestals with B and F pulls.

Order optional desk components separately:

- Corner desk
- Curved corner desk
- Desk shell
- Desk with single pedestal

To manage cables under return, order cable management trough separately.

Order optional display or storage components separately:

- Desk-mounted tackboard
- Desk-mounted tool rail with tackboard
- End-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Pedestal ships with lock plugs keyed differently (KD). For keyed-alike locks on multiple pedestals, specify keyed alike (KA); separate lock plugs are shipped and field installed on each pedestal. See Keyed-Alike Information in Appendices.

Step 16. Lock

For standard pull with painted front (6-), standard pull with recut veneer front (R-), standard pull with wood veneer front (F-), contour pull (5-), or bevel pull (4-)

KD	keyed differently with black lock	+\$0
KC	keyed differently with chrome lock	+\$0
KA	keyed alike	+\$0

For B-pull (X-) or F-pull (Y-)

KD	keyed differently with black lock	+\$0
KA	keyed alike	+\$0

Corner Return Shell

Product Information

Description

This return connects to a 5000 Series corner desk for additional workspace. It has a laminate top and vinyl edge or a veneer top and edge and is available with or without grommets. The return has 1 full end panel or 1 10"-deep recessed end panel and 1" adjustable glides. The return with a recessed end panel has a cable management cutout at the back of the panel. The 24"-deep return has a 4" front corner cut; the 30"-deep return has a 6" front corner cut. Each return is available with a full, raised, or open back panel. The full back panel extends to the floor; the raised back panel is 8 1/8" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls or panel systems and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8 1/8" from the floor. Attachment hardware is included.

Notes

For aesthetic reasons, corner return should not attach to curved corner desk.

To connect corner return to straight-edged corner desk and maximize work surface space, use following guidelines:

- 24"-deep return with 4" front corner cut connects to 20"-deep corner desk
- 30"-deep return with 6" front corner cut connects to 24"-deep corner desk

To manage cables under corner return, order cable management trough separately.

Order optional display or storage components separately:

- Desk-mounted tackboard
- Desk-mounted tool rail with tackboard
- End-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Corner Return with Single Pedestal

Product Information

Description

This return connects to a 5000 Series corner desk for additional workspace. It has 1 lockable pedestal and a choice of pull and front styles (see chart below). Box drawers have 1 drawer divider. B- and F-pull file drawers hold letter-size front-to-back hanging files; they also include 2 file converters for legal-size filing. Standard-, contour-, and bevel-pull file drawers include 1 file compressor for letter-size front-to-back or side-to-side hanging files or legal-size side-to-side hanging files. File drawers have full-extension steel ball-bearing slides.

The return has a laminate top and vinyl edge or a veneer top and edge and is available with or without grommets. A grommet is not available on the pedestal side of the return. The return has 1 full end panel and 1" adjustable glides. The 24"-deep return has a 4" cut at the front corner; the 30"-deep return has a 6" cut at the front corner. It is available with a full, raised, or open back panel. The full back panel extends to the floor; the raised back panel is 8¹/₈" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls or panel systems and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8¹/₈" from the floor.

Pull Style—Pull Material—Front Style

Standard—Metal pull—Wood Veneer front

Standard—Metal pull—Recut Veneer front

Standard—Metal pull—Metal front

Bevel—Metal pull—Metal front

Contour—Aluminum or Wood pull—Metal front

F-pull—Plastic pull—Metal front

B-pull—Plastic pull—Plastic front

Notes

For aesthetic reasons, corner return with single pedestal should not attach to curved corner desk.

To connect corner return to straight-edged corner desk and maximize work surface space, use following guidelines:

- 24"-deep return with 4" front corner cut connects to 20"-deep corner desk
- 30"-deep return with 6" front corner cut connects to 24"-deep corner desk

B- and F-pull pedestals have a smooth-steel case.

Box/box/file and file/file pedestal combinations with standard, contour, or bevel pulls hang 3³/₄" below raised back panel; box/box/file and file/file pedestal combinations with B and F pulls hang 6" below raised back panel.

Pedestals with standard, bevel, and contour pulls are ³/₈" wider than pedestals with B and F pulls. Drawer accessories for pedestals with standard, bevel, and contour pulls are not interchangeable with accessories for pedestals with B and F pulls.

To manage cables under corner return, order cable management trough separately.

Order optional display or storage components separately:

- Corner desk-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Pedestal ships with lock plugs keyed differently (KD). For keyed-alike locks on multiple pedestals, specify keyed alike (KA); separate lock plugs are shipped and field installed on each pedestal. See Keyed-Alike Information in Appendices.

Bridge

Product Information

Description

This bridge connects two 5000 Series components to provide a continuous work surface. It has a laminate top and vinyl edge or a veneer top and edge and is available with or without grommets. The bridge has a full, raised, or open back panel. The full back panel extends to the floor; the raised back panel is $8\frac{1}{8}$ " from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls or panel systems and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is $8\frac{1}{8}$ " from the floor. Attachment hardware is included.

Notes

Order optional desk components separately:

- Corner desk
- Curved corner desk
- Desk shell
- Desk with single pedestal

To manage cables under bridge, order cable management trough separately.

Order optional display or storage components separately:

- Desk-mounted tackboard
- Desk-mounted tool rail with tackboard
- End-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Corner Bridge

Product Information

Description

This corner bridge connects to a 5000 Series corner desk with a straight edge to provide a continuous work surface. It has a laminate top and vinyl edge or a veneer top and edge and is available with or without grommets. The bridge has one or two 4" or 6" diagonal cuts at the front corner to maximize workspace and minimize corner interference. It is available with a full, raised, or open back panel. The full back panel extends to the floor; the raised back panel is 8 1/8" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls or panel systems and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8 1/8" from the floor. Attachment hardware is included.

Notes

For aesthetic reasons, corner bridge should not attach to curved corner desk.

To connect corner bridge to straight-edged corner desk and maximize work surface space, use following guidelines:

- 24"-deep bridge with 4" front corner cut connects to 20"-deep corner desk
- 30"-deep bridge with 6" front corner cut connects to 24"-deep corner desk

To manage cables under corner bridge, order cable management trough separately.

Order optional corner desk-mounted tackboard separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Cable Management Trough

WM-67

Product Information

Description

This 67"-long vinyl trough attaches under a 5000 Series work surface to manage cables. It holds 24 category 5 cables and has pre-punched mounting holes. The trough can be field cut to the appropriate length. Finish is black umber.

5000 Series Work Surfaces

Electrical Distributor, Multi-Outlet

NP289

5000 Series Work Surfaces

Product Information

Description

This electrical distributor attaches to an Action Office® or Prospects® panel-suspended cable management trough or to a 5000 Series cable management trough. It also fits into an Abak® beam-attached cable channel. The electrical distributor provides additional receptacles at work surface height and has 6 standard, 3-prong receptacles with a 15-amp circuit breaker. It is UL listed and CSA certified. Finish is black umber.

Notes

For use with Action Office or Prospects products, order panel-suspended cable management trough (AO381.) separately.

For use with 5000 Series desk, order cable management trough (WM-67) separately.

For use with Abak products, order beam-attached cable channel (AK242.) separately.

Credenza

Product Information

Description

This freestanding 24"-deep credenza has painted front storage components with standard pulls, a laminate top and vinyl edge or a veneer top and edge, a full back panel, and 1" adjustable glides. It stores documents, binders, and books. The credenza has a lateral file/pedestal combination or a hinged-door storage cabinet/pedestal combination. The lateral file's interior (9P) holds front-to-back hanging files.

Notes

For keyed-alike credenzas, specify keyed alike (KA or KQ); separate lock plugs are shipped and field installed on each pedestal, lateral file, or door.

For keyed differently locks on each storage unit in the same credenza, contact Customer Care.

Flipper Door Unit

Product Information

Description

This lockable storage unit hangs from 2 straight-end panels at each end of a 5000 Series desk component. It includes a flipper door to enclose binders, files, and other items. The underside of the unit accepts a task light. The flipper door unit has a painted, fabric-covered, or veneer front. It is available with an open or closed back. The closed back unit has a tackboard or a tool rail with an 8¹/₂"-high tackboard on top. Attachment hardware is included.

Notes

When flipper door is open, it sits on top of storage unit.

Flipper door units wider than 48" have 2 doors.

Tool rail has same paint color as flipper door unit. For different color options, contact Customer Care.

Order optional task light separately:

- Performance task light (G6114.)
- Utility task light (G6136.)

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Fabric-covered flipper door, tackboard, and tool rail/tackboard accept Customer's Own Material (COM). Yardage is estimated for directional, 54"-wide fabrics.

Flipper Door:

Width—Yardage

30" — 1¹/₈

36" — 1¹/₄

42" — 1³/₈

48" — 1³/₅

5000 Series Storage

Suspended Pedestal with Standard, Contour, or Bevel Pull

R-4-1
R-5-1
R-6-1
R-F-1
R-R-1

Product Information

Description

This lockable suspended pedestal mounts under a 5000 Series desk component and has a choice of pull and front styles (see chart below). Box drawers have 1 drawer divider; file drawers include 1 file compressor for letter-size front-to-back or side-to-side hanging files or legal-size side-to-side hanging files. All drawers have full-extension steel ball-bearing slides.

Pull Style—Pull Material—Front Style

Standard—Metal pull—Wood Veneer front

Standard—Metal pull—Recut Veneer front

Standard—Metal pull—Metal front

Bevel—Metal pull—Metal front

Contour—Aluminum or Wood pull—Metal front

Notes

Pedestals on each side of desk should be the same height.

Pedestals with standard, bevel, and contour pulls are $\frac{3}{8}$ " wider than pedestals with B and F pulls. Drawer accessories for pedestals with standard, bevel, and contour pulls are not interchangeable with accessories for pedestals with B and F pulls.

To determine pedestal size that fits under desk surface, refer to following chart:

Surface Depth—Pedestal Depth

20"—18"

24"—18" or 22"

30" return—18", 22", or 28"

30" desk—18" or 22"

36" desk—18", 22", or 28"

Pedestal ships with lock plugs keyed differently (KD). For keyed-alike locks on multiple pedestals, specify keyed alike (KA); separate lock plugs are shipped and field installed on each pedestal. See Keyed-Alike Information in Appendices.

Suspended Pedestal with B- or F-Pull

R-X-1
R-Y-1

Product Information

Description

This lockable suspended pedestal mounts under a 5000 Series desk component and has a choice of pull and front styles (see chart below). Box drawers have 1 drawer divider. File drawers hold letter-size front-to-back hanging files; they also include 2 file converters for legal-size hanging files. The pedestal has a B or F pull. B-pull box drawers have full-extension steel ball-bearing slides; F-pull box drawers have 3/4-extension roller slides. File drawers have full-extension steel ball-bearing slides.

Pull Style—Pull Material—Front Style

F-pull—Plastic pull—Metal front

B-pull—Plastic pull—Plastic front

Notes

Pedestals on each side of desk should be the same height.

Pedestals with standard, bevel, and contour pulls are 3/8" wider than pedestals with B and F pulls. Drawer accessories for pedestals with standard, bevel, and contour pulls are not interchangeable with accessories for pedestals with B and F pulls.

To determine pedestal size that fits under desk surface, refer to following chart:

Surface Depth—Pedestal Depth

24" return—20"

30" return—20", 24", or 28"

30" desk—20" or 24"

36" desk—20", 24", or 28"

Pedestal ships with lock plugs keyed differently (KD). For keyed-alike locks on multiple pedestals, specify keyed alike (KA); separate lock plugs are shipped and field installed on each pedestal. See Keyed-Alike Information in Appendices.

Product Information

Description
 This light mounts under a flipper door unit, storage unit, shelf or any other surface to light the work area. It has an aluminum extruded housing, poly-carbonate lens, and 2 linear light-emitting diodes (LED). The light can be rotated 45 degrees forward and backward by the user to direct light where desired. The LEDs consume 9.5 watts of power. The light has an 11' cord and is UL listed, UL Canada listed, and CSA certified. Attachment hardware and adhesive cord clips included.

Notes

Specify magnetic attachment option (M) for attaching the light to any metal surface. Specify bracket attachment option (B) for attaching the light to a wood or wood composite surface.
 Starter unit (B) is designed for use as a daisy chain with up to 3 add-on units (C).
 Multiple lights can be specified for use under 48"- and 60"-wide storage units/shelves.
 Light meets local codes for Canada, New York City, and Chicago.

Performance Task Light

G6114.
G6115.
G6116.
G6117.

Product Information

Description

This light mounts under a flipper door unit, sliding door storage unit, shelf, transaction surface, or Corian® counter top to light the work area. It has a normal-power-factor electronic ballast or a high-power-factor electronic ballast, T5 lamp with a 3500° Kelvin color temperature, and a K-25 batwing lens. All lights are UL listed for USA and Canada. Mounting hardware and 3 cord management clips are included.

The 60"-wide light can be specified only with a 60"-wide flipper door unit or shelf; smaller lights cannot mount under 60"-wide storage products.

The task light has the following widths:

Width—Actual Width—Application

24"—13"—24"-wide storage

30"—24"—30"- or 36"-wide storage

42"—35"—42"- or 48"-wide storage

60"—46"—60"-wide storage

The daisy-chain system allows a run of lights to be operated from a single power source. A series of add-on lights is plugged into 1 starter light to operate up to 10 lights from a single outlet; each light has an independent on/off switch.

The daisy-chain add-on lights have the following cord lengths:

Light Width—Cord Length

24", 30", and 42"—42"

60"—78"

Notes

24"-wide light has a T5 lamp with a 4100° Kelvin color temperature.

For 5000 Series product applications, order cable manager (part # UMLo2F) separately.

Desk with Single Pedestal, L Style

Product Information

Description

This desk connects to a 5000 Series L-style desk component or stands alone. It has 1 lockable support pedestal with 1" adjustable glides, Q pulls, and a choice of front styles. Box drawers have 1 drawer divider and full-extension steel ball-bearing slides. File drawers hold letter-size front-to-back hanging files and include 2 file converters for legal-size filing. File drawers have full-extension steel ball-bearing slides.

The desk has a laminate top and vinyl edge or a veneer top and edge and is available with or without grommets. A grommet is not available on the pedestal side of the desk. The desk has full or 10"-deep recessed end panels and 1" adjustable glides. 24"-deep desks with recessed end panels have a cable management cutout at the back of the panel. The desk is available with a raised or open back panel. The raised back panel is 8 1/8" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls or panel systems and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8 1/8" from the floor.

The 24"-deep desk has a 24"-deep pedestal; the 30"-deep desk has a 24"- or 28"-deep pedestal; and the 36"-deep desk has a 28"-deep pedestal.

Actual desk depths are:

Depth—Actual

24" — 23.65"

30" — 28.15"

36" — 32.40"

Notes

36"-deep desks and 30"-deep desks with 24"-deep pedestals have back panel recessed 4 1/2" from visitor's side.

To use desk freestanding, order with full end panels. To connect desk to a 5000 Series L-style component, 1 recessed end panel may be required.

Order optional desk components separately:

- L-style bridge
- L-style return with single pedestal

To manage cables under desk, order cable management trough separately.

Order optional display or storage components separately:

- Desk-mounted tackboard
- Desk-mounted tool rail with tackboard
- End-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Pedestal ships with lock plugs keyed differently (KD). For keyed-alike locks on multiple pedestals, specify keyed alike (KA); separate lock plugs are shipped and field installed on each pedestal. See Keyed-Alike Information in Appendices.

Desk with Double Pedestal, L Style

Product Information

Description

This freestanding desk has 2 lockable support pedestals with 1" adjustable glides, Q pulls, and a choice of front styles. Box drawers have 1 drawer divider and full-extension steel ball-bearing slides. File drawers hold letter-size front-to-back hanging files and include 2 file converters for legal-size filing. File drawers have full-extension steel ball-bearing slides.

The desk has a laminate top and vinyl edge or a veneer top and edge and is available with a center grommet or no grommet. It is available with a raised or open back panel. The raised back panel is 8 1/8" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8 1/8" from the floor.

The 24"-deep desk has 24"-deep pedestals; the 30"-deep desk has 24"- or 28"-deep pedestals; and the 36"-deep desk has 28"-deep pedestals.

Actual desk depths are:

Depth—Actual

24" — 23.65"

30" — 28.15"

36" — 32.40"

Notes

36"-deep desks and 30"-deep desks with 24"-deep pedestals have back panel recessed 4 1/2" from visitor's side.

To manage cables under desk, order cable management trough separately.

Order optional display or storage components separately:

- Desk-mounted tackboard
- Desk-mounted tool rail with tackboard
- End-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

For keyed-alike desks, specify keyed alike (KA); separate lock plugs are shipped and field installed on each pedestal. See Keyed-Alike Information in Appendices.

For keyed differently locks on each pedestal in the same desk, contact Customer Care.

Corner Desk, L Style

Product Information

Description

This straight-edged 90° corner desk connects to a 5000 Series L-style component or stands alone. It has a laminate top and vinyl edge or a veneer top and edge and is available with a center grommet or no grommet. The desk has full or 10"-deep recessed end panels and 1" adjustable glides. Desks with recessed end panels have a cable management cutout at the back of the panel. The desk is available with a raised or open back panel. The raised back panel is 8 1/8" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls or panel systems and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8 1/8" from the floor.

Notes

To use corner desk at end of furniture run, specify full end panel.

Order optional desk components separately:

- L-style bridge
- L-style return with single pedestal

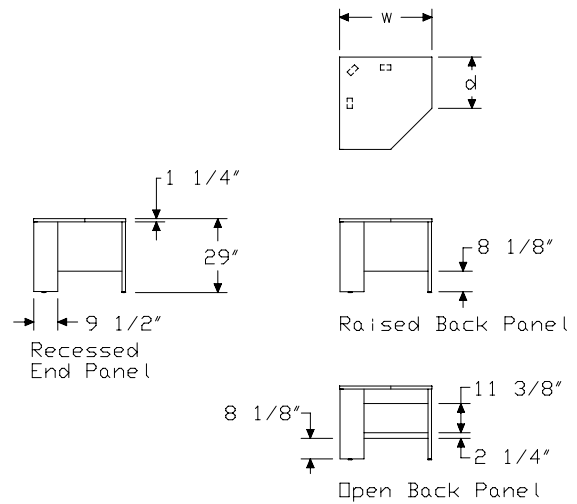

To manage cables under corner desk, order cable management trough separately.

Order optional display or storage components separately:

- Corner desk-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Curved Corner Desk, L Style

Product Information

Description

This 90° curved corner desk connects to a 5000 Series L-style component or stands alone. It has a laminate top and vinyl edge or a veneer top and edge and is available with a center grommet or no grommet. The desk has full or 10"-deep recessed end panels and 1" adjustable glides. Desks with recessed end panels have a cable management cutout at the back of the panel. The desk is available with a raised or open back panel. The raised back panel is 8¹/₈" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8¹/₈" from the floor.

Notes

To use curved corner desk at end of furniture run, specify full end panel.

Order optional desk components separately:

- L-style bridge
- L-style return with single pedestal

To manage cables under desk, order cable management trough separately.

Order optional display or storage components separately:

- Corner desk-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Product Information

Description

This D-shaped peninsula attaches to the side or end of a 5000 Series desk component. It has a laminate top and vinyl edge or a veneer top and edge and a column base. The side-attaching peninsula includes a full end panel and is available with or without grommets. Attachment hardware is included.

Notes

Order optional desk components separately:

- Desk shell
- Desk with single pedestal
- Return shell
- Return with single pedestal

To manage cables under peninsula, order cable management trough separately.

Order optional flipper door unit separately.

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Return with Single Pedestal, L Style

Product Information

Description

This return connects to a 5000 Series L-style desk component for additional workspace. It has 1 lockable support pedestal with 1" adjustable glides, Q pulls, and a choice of front styles. Box drawers have 1 drawer divider and full-extension steel ball-bearing slides. File drawers hold letter-size front-to-back hanging files and include 2 file converters for legal-size filing. File drawers have full-extension steel ball-bearing slides. Attachment hardware is included.

The return has a laminate top and vinyl edge or a veneer top and edge and is available with a center grommet or no grommet. The return has a raised or open back panel. The raised back panel is 8 1/8" from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls or panel systems and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is 8 1/8" from the floor.

Notes

Order optional desk components separately:

- L-style corner desk
- L-style curved corner desk
- L-style desk with single pedestal

To manage cables under return, order cable management trough separately.

Order optional display or storage components separately:

- Desk-mounted tackboard
- Desk-mounted tool rail with tackboard
- End-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Pedestal ships with lock plugs keyed differently (KD). For keyed-alike locks on multiple pedestals, specify keyed alike (KA); separate lock plugs are shipped and field installed on each pedestal. See Keyed-Alike Information in Appendices.

Bridge, L Style

Product Information

Description

This bridge connects two 5000 Series L-style components to provide a continuous work surface. It has a laminate top and vinyl edge or a veneer top and edge and is available with a center grommet or no grommet. The bridge has a raised or open back panel. The raised back panel is $8\frac{1}{8}$ " from the floor and provides access to electrical components in panel system raceways; the open back panel is used against architectural walls or panel systems and provides maximum access to electrical/data outlets, including those complying with ADA standards. The open back panel includes a horizontal support rail; the bottom of the support rail is $8\frac{1}{8}$ " from the floor. Attachment hardware is included.

Notes

Order optional desk components separately:

- L-style corner desk
- L-style curved corner desk
- L-style desk with single pedestal

To manage cables under bridge, order cable management trough separately.

Order optional display or storage components separately:

- Desk-mounted tackboard
- Desk-mounted tool rail with tackboard
- End-mounted tackboard
- Flipper door unit

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Cable Management Trough

WM-67

Product Information

Description

This 67"-long vinyl trough attaches under a 5000 Series work surface to manage cables. It holds 24 category 5 cables and has pre-punched mounting holes. The trough can be field cut to the appropriate length. Finish is black umber.

Dimensions

Electrical Distributor, Multi-Outlet

NP289

Product Information

Description

This electrical distributor attaches to an Action Office® or Prospects® panel-suspended cable management trough or to a 5000 Series cable management trough. It also fits into an Abak® beam-attached cable channel. The electrical distributor provides additional receptacles at work surface height and has 6 standard, 3-prong receptacles with a 15-amp circuit breaker. It is UL listed and CSA certified. Finish is black umber.

Notes

For use with Action Office or Prospects products, order panel-suspended cable management trough (AO381.) separately.

For use with 5000 Series desk, order cable management trough (WM-67) separately.

For use with Abak products, order beam-attached cable channel (AK242.) separately.

Flipper Door Unit

Product Information

Description

This lockable storage unit hangs from 2 straight-end panels at each end of a 5000 Series desk component. It includes a flipper door to enclose binders, files, and other items. The underside of the unit accepts a task light. The flipper door unit has a painted, fabric-covered, or veneer front. It is available with an open or closed back. The closed back unit has a tackboard or a tool rail with an 8¹/₂"-high tackboard on top. Attachment hardware is included.

Notes

When flipper door is open, it sits on top of storage unit.

Flipper door units wider than 48" have 2 doors.

Tool rail has same paint color as flipper door unit. For different color options, contact Customer Care.

Order optional task light separately:

- Performance task light (G6114.)
- Utility task light (G6136.)

For accessory product applications, the following Compatibility Charts are available electronically for viewing and printing in Kiosk and HermanMiller.com: Keyboard Compatibility Charts, Pencil Drawer Compatibility Charts, and Work Organizer Compatibility Chart.

Fabric-covered flipper door, tackboard, and tool rail/tackboard accept Customer's Own Material (COM). Yardage is estimated for directional, 54"-wide fabrics.

Flipper Door:

Width—Yardage

30" — 1¹/₈

36" — 1¹/₄

42" — 1³/₈

48" — 1³/₅

60" — 1¹/₂

66" — 1¹/₂

72" — 1¹/₂

Tackboard (T):

Width—Yardage

30" — 1¹/₈

36" — 1¹/₄

42" — 1¹/₂

48" — 1³/₅

60" — 2¹/₄

66" — 2¹/₂

72" — 2¹/₂

Tool Rail/Tackboard (R):

Width—Yardage

30" — 1¹/₈

36" — 1¹/₄

42" — 1¹/₂

48" — 1³/₅

60" — 2¹/₄

66" — 2¹/₂

72" — 2¹/₂

For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

For keyed-alike flipper door units, specify keyed alike (KA or KQ); separate lock plugs are shipped and field installed on each flipper door unit.
