Introduction

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.

The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective December 7, 2009, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest $\frac{1}{8}$ ". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon  will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an  are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Spec-A-File

General Information

General Information

The Spec-A-File ordering procedure was designed to aid specifiers in meeting their exact filing needs. Since each component of the file (top, module, interior, base) is chosen individually, each file is a unique storage solution. The variety of top, module, and base heights available make the concern of meeting critical vertical heights a thing of the past.

Use your specification tool or the worksheet on page 8 to ensure a complete specification. Be sure to include the specification code and list price for each applicable component. A column for listing the height of each component has been included to provide a convenient means of ensuring that critical vertical dimensions are met.

Spec-A-File is comprised of the following four components. Each component must be clearly specified and priced separately.

Tops

Four heights are available ($\frac{1}{32}$ ", 1", $1\frac{1}{4}$ ", $6\frac{1}{2}$ ") in finishes of baked enamel. Laminate and veneer tops are available in $1\frac{1}{4}$ " only. Veneer tops with oversail edge are $1\frac{1}{8}$ ".

Modules

Various modules are available in heights of $11\frac{3}{4}$ ", $13\frac{1}{8}$ ", $15\frac{1}{8}$ ", $17\frac{1}{8}$ ", and $26\frac{1}{4}$ ".

Interiors

Several interior options are provided to meet your filing needs.

Bases

Five heights are available (1", $1\frac{1}{2}$ ", $2\frac{1}{4}$ ", $3\frac{1}{4}$ ", $4\frac{1}{4}$ ") in finishes of baked enamel.

Locks

Flush locks.

Final Assembly

Meridian will assemble all components as a complete lateral file up to 78". Files taller than 78" will be shipped as two units for final field assembly. Instructions are included.

Meridian® Stackable™ Lateral Files

Advanced Options

Spec-A-File

Add-On Modules

In order to accommodate additional filing needs, add-on modules are available for field installation to an existing lateral file. Modules do not have a base and can be ordered with or without a top. If a lock cylinder is needed, see lock appendix for ordering information. If the lock cylinder resides in the existing file, the add-on modules will need to be specified with lockbars.

Example: 26-3618-ADDON

Lock Option: LB-Lockbars, to attach to an existing unit

Reversed Modules

Reversed file drawers allow one stack of lateral file modules to service two users—conserving floor space. For safety reasons, only one direction reversal is allowed per file. The number of modules facing each direction is not limited.

Drawers are reversed in the field by utilizing a stile lock hardware kit for additional lock and a reversing conversion kit for additional inter-lock pieces. Kit number: U1B3P7F

Factory-reversed units need to be ordered through Herman Miller Options.

Advanced Options

The flexibility and modularity of the stackable lateral file modules allow a specifier to create an infinite number of storage solutions.

To further enhance the uniqueness of the file, use one of the following advanced options available in Advanced Spec-A-File:

Multiple Locks – Standard Pull

Since the lock is housed in the module frame of standard pull lateral files, locks can be strategically placed to accommodate multiple users in one filing unit. In the case of keyed alike, identified modules will have factory-installed lockbars and lock hole knocked out to allow for field installation of lock cylinder. If additional security is required between drawers, specify security pans between modules.

Existing files can be retrofitted with multiple locks by requesting a stile lock hardware kit from your Customer Care representative.

Combination Lateral File

It is considered to be a combination lateral file when combining standard pull with bevel or contour pull lateral file drawers. To specify a combination unit, choose a bevel or contour pull lateral file in Advanced Spec-A-File. The standard pull modules will be listed on the module choices, signified by the following note (2600 Series).

Multiple Paints

Multiple paints are available on a single unit by specifying one of the following options:

- F: Different case and front finishes
- M: Different top, module, and base finishes
- N: Unit all one color

Meridian® Stackable™ Lateral Files

General Information and Specifications

Frontless (23)

Spec-A-File

General Information

General Information

Frontless Stackable Lateral Files have been designed to provide specifiers with the ability to offer aesthetic alternatives in the office environment. The guide below includes a template for drawer front fabrication.

Custom-Fabricated Drawer Fronts

Fabrication Information

Custom fronts can be fabricated from a variety of materials. Choose the one that best complements your office interior. Drawer pulls are an integral part of the drawer front design. Keep in mind the usage patterns of the file users and the placement of the files when choosing a pull.

For additional information regarding applications and usages of frontless files, consult your local Herman Miller authorized dealer or Customer Care Representative for your region.

A template has been included to aid in the design of your custom front. Complete dimension information allows for an easier installation.

Lateral File

26-30
26-36
26-42

Product Information

Description

This lateral file holds letter-, legal-, and A4-size hanging files. It has standard pulls and smooth or textured steel. The file has no top or a metal, cushion, laminate, planter, or veneer top. A positive interlock system permits only 1 drawer to open at a time. 1 lock controls all drawers. The drawers can be specified with 3 dividers or with front-to-back or side-to-side filing rails for hanging files. The 5-high lateral file has 4 drawers and 1 flipper door; the flipper door includes a pullout shelf with 3 movable dividers. 5 base heights are available; all bases include adjustable glides.

Actual lateral file widths are 29⁷/₈" , 35⁷/₈" , or 41⁷/₈" ; actual depths are 17⁷/₈" or 19⁷/₈" .

Notes

For 2- or 3-high files that are not ganged or anchored, counterweights (option CB) are required. For 4- or 5-high files that are not ganged or anchored, counterweights are recommended.

When alternate drawer interior (9P, 9R, or 9M) is specified for 5-high lateral file, pullout shelf still includes 3 movable dividers.

Dimensional illustrations do not include all possible configurations.

To convert filing direction, order 1 of the following products separately:

- Front-to-back rail (9P002)
- Side-to-side rail (9R130)

Order optional file drawer organizer (LG901) separately.

For work surface on top of 1 or more lateral files, order file top (TPL or TPV) separately.

For cushion tops TC1 and TC2, a 1" metal top is included.

Cushion top accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics. When ordering more than 1 cushion, round up total yardage requirement to next whole yard of fabric.

Width—Yardage

30" —1.05

36" —1.22

42" —1.40

For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

Product Information

Description

This lateral file holds letter-, legal-, and A4-size hanging files. It has arc pulls and smooth or textured steel. The file has no top or a metal, cushion, laminate, planter, or veneer top. A positive interlock system permits only 1 drawer to open at a time. 1 lock controls all drawers. The drawers can be specified with 3 dividers or with front-to-back or side-to-side filing rails for hanging files. 5 base heights are available; all bases include adjustable glides.

Actual lateral file widths are 29⁷/₈" , 35⁷/₈" , or 41⁷/₈" ; actual depths are 17⁷/₈" or 19⁷/₈" .

Notes

For 2- or 3-high files that are not ganged or anchored, counterweights (option CB) are required. For 4- or 5-high files that are not ganged or anchored, counterweights are recommended.

Dimensional illustrations do not include all possible configurations.

To convert filing direction, order 1 of the following products separately:

- Front-to-back rail (9P002)
- Side-to-side rail (9R130)

Order optional file drawer organizer (LG901) separately.

For work surface on top of 1 or more lateral files, order file top (TPL or TPV) separately.

No lock option (NL) can only be specified on files with no top (NT), dome tops (D1, H1, or H2), planter top (T7), laminate tops (TL), or veneer top (TV1).

For cushion tops TC1 and TC2, a 1" metal top is included.

Grain direction is vertical for veneer-front lateral files.

Cushion top accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics. When ordering more than 1 cushion, round up total yardage requirement to next whole yard of fabric.

Width—Yardage

Bevel-Pull Freestanding Lateral File

24-30
24-36
24-42

Product Information

Description

This lateral file holds letter-, legal-, and A4-size hanging files. It has bevel pulls and smooth or textured steel. The file has no top or a metal, cushion, laminate, planter, or veneer top. A positive interlock system permits only 1 drawer to open at a time. 1 lock controls all drawers. The drawers can be specified with 3 dividers or with front-to-back or side-to-side filing rails for hanging files. 5 base heights are available; all bases include adjustable glides.

Actual lateral file widths are 29⁷/₈" , 35⁷/₈" , or 41⁷/₈" ; actual depths are 17⁷/₈" or 19⁷/₈" .

Notes

For 2- or 3-high files that are not ganged or anchored, counterweights (option CB) are required. For 4- or 5-high files that are not ganged or anchored, counterweights are recommended.

Dimensional illustrations do not include all possible configurations.

To convert filing direction, order 1 of the following products separately:

- Front-to-back rail (9P002)
- Side-to-side rail (9R130)

Order optional file drawer organizer (LG901) separately.

For work surface on top of 1 or more lateral files, order file top (TPL or TPV) separately.

No lock option (NL) can only be specified on files with no top (NT), dome tops (D1, H1, or H2), planter top (T7), laminate tops (TL), or veneer top (TV1).

For cushion tops TC1 and TC2, a 1" metal top is included.

Cushion top accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics. When ordering more than 1 cushion, round up total yardage requirement to next whole yard of fabric.

Width—Yardage

30" — 1.05

36" — 1.22

42" — 1.40

For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

 25-42

Product Information

Description

This lateral file holds letter-, legal-, and A4-size hanging files. It has stained wood or painted aluminum contour pulls and smooth or textured steel. The file has no top or a metal, cushion, laminate, planter, or veneer top. A positive interlock system permits only 1 drawer to open at a time. 1 lock controls all drawers. The drawers can be specified with 3 dividers or with front-to-back or side-to-side filing rails for hanging files. 5 base heights are available; all bases include adjustable glides. Actual lateral file widths are 29⁷/₈" , 35⁷/₈" , or 41⁷/₈" ; actual depths are 17⁷/₈" or 19⁷/₈" .

Notes

For 2- or 3-high files that are not ganged or anchored, counterweights (option CB) are required. For 4- or 5-high files that are not ganged or anchored, counterweights are recommended.

Dimensional illustrations do not include all possible configurations.

To convert filing direction, order 1 of the following products separately:

- Front-to-back rail (9P002)
- Side-to-side rail (9R130)

Order optional file drawer organizer (LG901) separately.

For work surface on top of 1 or more lateral files, order file top (TPL or TPV) separately.

No lock option (NL) can only be specified on files with no top (NT), dome tops (D1, H1, or H2), planter top (T7), laminate tops (TL), or veneer top (TV1).

For cushion tops TC1 and TC2, a 1" metal top is included.

Cushion top accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics. When ordering more than 1 cushion, round up total yardage requirement to next whole yard of fabric.

Ellipse-Pull Freestanding Lateral File

2J-30
2J-36
2J-42

Product Information

Description

This lateral file holds letter-, legal-, and A4-size hanging files. It has ellipse pulls and smooth steel. The file has no top or a metal, cushion, laminate, planter, or veneer top. A positive interlock system permits only 1 drawer to open at a time. 1 lock controls all drawers. The drawers can be specified with 3 dividers or with front-to-back or side-to-side filing rails for hanging files. 5 base heights are available; all bases include adjustable glides.

Actual lateral file widths are 29⁷/₈" , 35⁷/₈" , or 41⁷/₈" ; actual depths are 17⁷/₈" or 19⁷/₈" .

Notes

For 2- or 3-high files that are not ganged or anchored, counterweights (option CB) are required. For 4- or 5-high files that are not ganged or anchored, counterweights are recommended.

Dimensional illustrations do not include all possible configurations.

To convert filing direction, order 1 of the following products separately:

- Front-to-back rail (9P002)
- Side-to-side rail (9R130)

Order optional file drawer organizer (LG901) separately.

For work surface on top of 1 or more lateral files, order file top (TPL or TPV) separately.

No lock option (NL) can only be specified on files with no top (NT), dome tops (D1, H1, or H2), planter top (T7), or laminate tops (TL). The (NL) option cannot be specified for configurations 4W and 4Z; these configurations always have a lock.

For configurations 4W and 4Z, a 1" filler top is included between the overhead storage and the drawers.

For cushion tops TC1 and TC2, a 1" metal top is included.

Cushion top accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics. When ordering more than 1 cushion, round up total yardage requirement to next whole yard of fabric.

Width—Yardage

30"—1.05

36"—1.22

42"—1.40

For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

Frontless Freestanding Lateral File

23-30
23-36
23-42

Product Information

Description

This lateral file holds letter-, legal-, and A4-size hanging files. It has smooth or textured steel and accepts customer's own fronts. The file has no top or a metal, laminate, planter, or veneer top. A positive interlock system permits only 1 drawer to open at a time. 1 lock controls all drawers. The drawers can be specified with 3 dividers or with front-to-back or side-to-side filing rails for hanging files. 5 base heights are available; all bases include adjustable glides.

Actual lateral file widths are 29⁷/₈" , 35⁷/₈" , or 41⁷/₈" ; actual depths are 17⁷/₈" or 19⁷/₈" .

Notes

For 2- or 3-high files that are not ganged or anchored, counterweights (option CB) are required. For 4- or 5-high files that are not ganged or anchored, counterweights are recommended.

Dimensional illustrations do not include all possible configurations.

To convert filing direction, order 1 of the following products separately:

- Front-to-back rail (9P002)
- Side-to-side rail (9R130)

Order optional file drawer organizer (LG901) separately.

For work surface on top of 1 or more lateral files, order file top (TPL or TPV) separately.

No lock option (NL) can only be specified on files with no top (NT), dome tops (D1, H1, or H2), planter top (T7), laminate tops (TL), or veneer top (TV1).

See Meridian Filing and Storage Technical Specifications for template to create customer's own fronts for frontless lateral file.

For cushion tops TC1 and TC2, a 1" metal top with lock is included.

Cushion top accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics. When ordering more than 1 cushion, round up total yardage requirement to next whole yard of fabric.

Width—Yardage

30" —1.05

36" —1.22

42" —1.40

For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

Product Information

Description

This lateral file holds letter-, legal-, and A4-size hanging files. It has sloped pulls and smooth or textured steel. The file has no top or a metal, cushion, laminate, planter, or veneer top. A positive interlock system permits only 1 drawer to open at a time. 1 lock controls all drawers. The drawers can be specified with 3 dividers or with front-to-back or side-to-side filing rails for hanging files. 5 base heights are available; all bases include adjustable glides.

Actual lateral file widths are 29⁷/₈" , 35⁷/₈" , or 41⁷/₈" ; actual depths are 17⁷/₈" or 19⁷/₈" .

Notes

For 2- or 3-high files that are not ganged or anchored, counterweights (option CB) are required. For 4- or 5-high files that are not ganged or anchored, counterweights are recommended.

Dimensional illustrations do not include all possible configurations.

To convert filing direction, order 1 of the following products separately:

- Front-to-back rail (9P002)
- Side-to-side rail (9R130)

Order optional file drawer organizer (LG901) separately.

For work surface on top of 1 or more lateral files, order file top (TPL or TPV) separately.

No lock option (NL) can only be specified on files with no top (NT), dome tops (D1, H1, or H2), planter top (T7), laminate tops (TL), or veneer top (TV1).

For cushion tops TC1 and TC2, a 1" metal top is included.

Grain direction is vertical for veneer-front lateral files.

Cushion top accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics. When ordering more than 1 cushion, round up total yardage requirement to next whole yard of fabric.

Teneo™-Pull Freestanding Lateral File

2T-30
2T-36
2T-42

Product Information

Description

This lateral file has a smooth-steel case, painted front, and inset drawers with full-width Teneo™ pulls (painted to match case or anodized aluminum). The file has no top or a metal, cushion, laminate, planter, or veneer top. A positive interlock system permits only 1 drawer to open at a time. 1 lock secures all drawers. The drawers can be specified with 3 dividers or with front-to-back or side-to-side filing rails for hanging files. 5 base heights are available; all bases include adjustable glides. Actual lateral file widths are 29⁷/₈" , 35⁷/₈" , or 41⁷/₈" ; actual pull widths are 27⁵/₈" , 33⁵/₈" , or 39⁵/₈" ; actual depths are 17⁷/₈" or 19⁷/₈" .

Notes

For 2- or 3-high files that are not ganged or anchored, counterweights (option CB) are required. For 4- or 5-high files that are not ganged or anchored, counterweights are recommended.

Dimensional illustrations do not include all possible configurations.

To convert filing direction, order 1 of the following products separately:

- Front-to-back rail (9P002)
- Side-to-side rail (9R130)

Order optional file drawer organizer (LG901) separately.

For work surface on top of 1 or more lateral files, order file top (TPL or TPV) separately.

No lock option (NL) can only be specified on files with no top (NT), dome tops (D1, H1, or H2), planter top (T7), laminate tops (TL), or veneer top (TV1).

For cushion tops TC1 and TC2, a 1" metal top is included.

Cushion top accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics. When ordering more than 1 cushion, round up total yardage requirement to next whole yard of fabric.

Width—Yardage

30" —1.05
36" —1.22
42" —1.40

For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.

Standard-Pull Mobile Lateral File

M26-3
M26-4

Meridian® Mobile Stackable™ Lateral Files

Product Information

Description

This lateral file holds letter-, legal-, and A4-size hanging files. It has standard pulls and smooth or textured steel. The file has a metal, cushion, laminate, planter, or veneer top. A positive interlock system permits only 1 drawer to open at a time. 1 lock controls all drawers. The drawers can be specified with 3 dividers or with front-to-back or side-to-side filing rails for hanging files. The 4^{3/4}"-high mobile base has a 1^{1/2}"-high base frame with 3^{1/4}"-high outset casters. The 2 swivel and 2 fixed casters must be field installed.

Actual lateral file widths are 29^{7/8}", 35^{7/8}", or 41^{7/8}"; actual depths are 17^{7/8}" or 19^{7/8}".

Notes

Dimensional illustrations do not include all possible configurations.

To convert filing direction, order 1 of the following products separately:

- Front-to-back rail (9P002)
- Side-to-side rail (9R130)

Order optional file drawer organizer (LG901) separately.

For cushion tops TC1 and TC2, a 1" metal top is included.

Cushion top accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics. When ordering more than 1 cushion, round up total yardage requirement to next whole yard of fabric.

Meridian® Mobile Stackable™ Lateral Files

Product Information

Description

This lateral file holds letter-, legal-, and A4-size hanging files. It has stained wood or painted aluminum contour pulls and smooth or textured steel. The file has a metal, cushion, laminate, planter, or veneer top. A positive interlock system permits only 1 drawer to open at a time. 1 lock controls all drawers. The drawers can be specified with 3 dividers or with front-to-back or side-to-side filing rails for hanging files. The 4¾"-high mobile base has a 1½"-high base frame with ¾"-high outset casters. The 2 swivel and 2 fixed casters must be field installed. Actual lateral file widths are 29⅞", 35⅞", or 41⅞"; actual depths are 17⅞" or 19⅞".

Notes

Dimensional illustrations do not include all possible configurations.

To convert filing direction, order 1 of the following products separately:

- Front-to-back rail (gP002)
- Side-to-side rail (gR130)

Order optional file drawer organizer (LG901) separately.

For cushion tops TC1 and TC2, a 1" metal top is included.

Cushion top accepts Customer's Own Material (COM). Yardage is estimated for nondirectional, 54"-wide fabrics. When ordering more than 1 cushion, round up total yardage requirement to next whole yard of fabric.

Width—Yardage

30"—1.05

36"—1.22

42"—1.40

For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

For keyed-alike locks, order lock plugs separately. See Keyed-Alike Information in Appendices.
