

GO GREEN

What does it mean for your business?

If you are like many businesses today, you want to do your part to help the environment, but you're really not sure where to start. If you are a Greater Indianapolis Chamber of Commerce member, we'll help you identify green business best practices that are good for the planet and your bottom line.

Once certain criteria are met, you will be awarded the Green Business Seal, which you can use to promote your company's commitment to the environment and improving your community.

If you are an Indy Chamber member, there are no additional costs to be a member of our award-winning Green Business Initiative. Let the Indianapolis Chamber help you green your business and promote your efforts. Learn more by visiting IndyGreenBusiness.com, or call 317.464.2220
